

Streamer^{XL} Kit™

Connect your MHL enabled Smartphone to your HD TV

VIEW MEDIA CONTENT AND PLAY GAMES ON YOUR HD TV

Complete Kit including MHL Adapter, HDMI Cable and Wall Charger

Connect your MHL enabled smartphone with the iBOLT Streamer XL kit to your HDTV. Image and sound content from the phone is mirrored directly on the TV. Play games, stream video, listen to music, surf the internet and more. Content transmitted up to 1080p and with 7.1 Dolby surround sound.

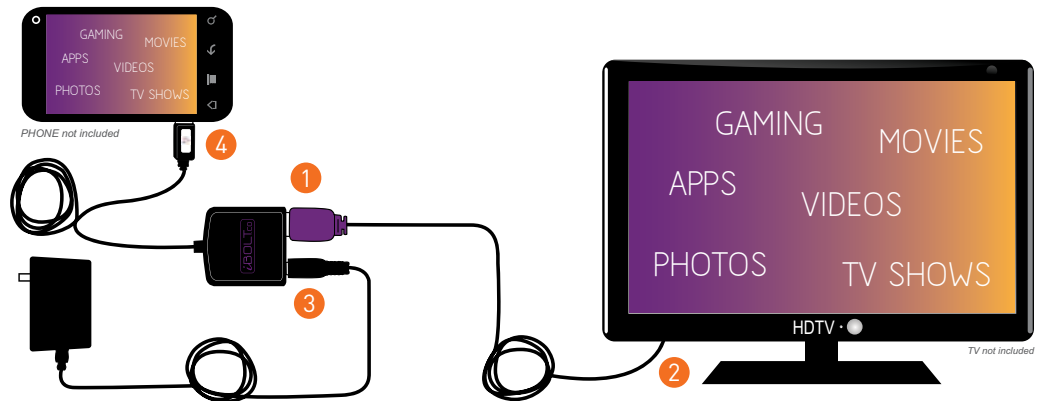

The "Streamer XL" kit features a 2 meter (6.2') cable, compared to the 0,1 meter (about 4") cable on alternative OEM products. Stand in front of the TV or sit in a comfortable chair, while using the Streamer XL kit. A thin 2 meter (6.2') HDMI cable and wall charger are included.

MHL is a high definition video and audio interface standard designed for connecting mobile devices to HD TVs. Supports up to 1080p HD video, 60 fps and digital audio output, Dolby 7.1. Technology was established by the MHL™ Consortium. See website for compatible devices.

3. Connect microUSB power supply to MHL Adapter

EASY SET UP
